Safe and Healthy Schools Consortium

Contracted Consortium Service (SH01)

The Safe and Healthy Schools Consortium provides services that enhance and support school districts & communities in creating and maintaining a positive school climate with healthy, resilient, responsible, and successful learners.

The Safe and Healthy Schools (SHS) Consortium includes:

- One day of in-district training for full consortium members
- Membership in Safe and Healthy Schools Professional Network
- Discounted rates for trainings
- Technical assistance for state and federal drug, alcohol, and violence prevention grant writing

Professional Development

Professional development fosters collective responsibility for improved student and teacher performance. The CESA 5 SHS staff can assist in educator professional development.

Our staff provides:

CESA 5 workshops

- Workshops are determined by district needs, e.g., Youth Mental Health First Aid, grief counseling, emerging drug trends

In-district training

- Personalized coaching & training at your schools

Leadership & Support

Share. Support. Serve. The SHS staff will share up-to-date information, support your Safe and Healthy School initiatives in district, and equip you with the best programs and resources.

Our staff can assist you with:

- School safety & crisis plans
- Drug and alcohol policy updates
- School climate planning
- Youth Risk Behavior Survey implementation
- Suicide prevention and education training
- School board presentations
- Juvenile underage drinking/drug offender classes

Professional Networks

Learning from other professionals is an important part of being an educational leader. These professional networks are included for consortium members.

- Safe and Healthy Schools Network
- PBIS Support Network
